The Usual Suspects

El Ravager

"Where's My Sword?" Adventuring used to be "just something" for El Ravager, much like gambling or girl-watching... until that fateful hour when this simple human fighter discovered his most beloved possession and a powerful relic of the HackMaster teraverse – the HackMaster +12 sword. El Ravager also loves his faithful steed – Chelsie, the cow.

Knuckles

"I Waste Him With My Crossbow!" Knuckles' devotion to the group is unflagging and unquestionable, even when his temper and sharp tongue often get him into trouble with his comrades. Regardless of societal or group pressure, no sacrifice or hardship is too great to keep Knuckles away from the hack. A dwarven fighter/thief, Knuckles is also known as "King of the Wall Climbers."

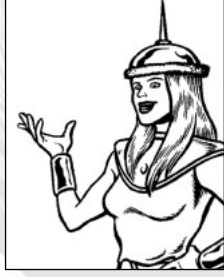

Teflon Billy

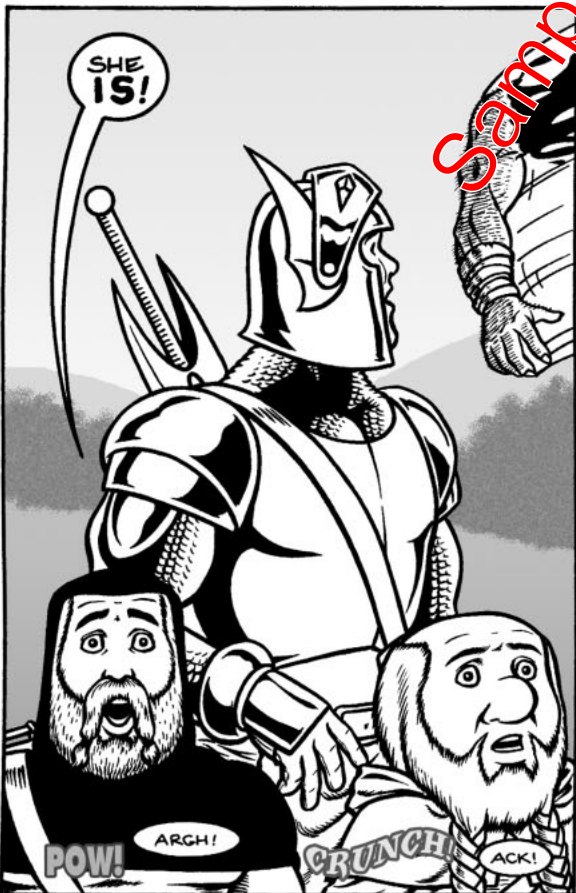

"Fireballs Coming Online!" The almost perfect phrase to describe Teflon Billy is "idiot savant" – minus the idiot bit. A lifetime devotion to magic has made Teflon Billy what he is today – a half-dwarf battle mage with a heart of stone, the mind of a computer and the hands of a miser. Nevertheless, his spellslinging (mostly 17 types of fireballs) talents often come in handy.

Zayre

"Can't We All Just Get Along?" Where the rest of the Untouchable Trio (Plus One) are the fire, heart and soul, Zayre is the cooler, wiser head of the adventuring party, the perfect foil to their impetuosity – at least, most of the time. Zayre's savage woodland barbarian upbringing lingers just below the surface, ready to do battle against anyone (or anything) that gets in her way.
