

NECROPOLIS ATLANTA

From the Ashes of the Past...

The city of Atlanta is known among the Quick as a center of culture and industry, but the Restless see a city of smoldering ruins and divided loyalties. Torn by Civil War and the war for civil rights, Atlanta has been overrun with the spirits of the Restless Dead, those with something left to prove or memories that they refuse to let go.

A City Reborn

The wraiths who reside in Atlanta are unwilling to stop the fighting. They believe passionately that even in death, things can still change. Each faction believes that they are right, and will stop at nothing to get what they feel they deserve.

Necropolis: Atlanta is a sourcebook for use with **Wraith: the Oblivion** and **Vampire: the Masquerade**, detailing the city of Atlanta, Georgia and the surrounding areas. It includes:

- Over thirty of the most influential Restless of the city, including Hierarchy, Heretics, Renegades and others;
- Background on the history of Atlanta in the Shadowlands
- Information on the Kindred of Atlanta for use with **Vampire: the Masquerade**
