# Tzimisce™

Called "fiends" even by other vampires, the Tzimisce are the masterminds behind the dread Sabbat; their atrocities have given rise to the mortals' legends of vampires stalking human prey in the night. In rejecting their humanity, the Tzimisce hope to attain something far more vicious. Should they achieve their aim, Kindred and kine alike will have reason to fear.

Clanbook: Tzimisce includes:

- The history of the clan and its role in the formation of the Sabbat;
- Details on the clan's mastery of Vicissitude, sorcery and the Blood Bond;
- A nightmarish array of grotesquely transformed servitors.

The Way of All Flesh  
By Robert Hatch

*Welcome to my house; enter freely and of your own will. Welcome to my house. Come freely. Go safely; and leave something of the happiness you bring!*

*— Bram Stoker, Dracula*

*He is afraid.*

*He is afraid to die.*

*Don't worry. You will not die.*

*Not for many, many nights.*

We almost pity you. Usurper of Caine's legacy. Bastard spawn of a progenitor who aped and raped his way to immortality. We know what they whisper in your chantries. Your elders admonish you to commit suicide rather than fall into the clutches of the Fiends. In this if nothing else your elders speak truth. But think of what comes next as a learning experience. You will learn how a true vampire treats his lessers and punishes his enemies.

I advise you to pray to your God. The God of your mortality — not Tremere, and certainly not Caine. You see, we are Caine's childer — and believe me, you are in hell.
